HIGH END LUXURY HOME LIFTS

ABOUT ANTERA

Antera Lift is a high-end lift brand within the Cibes Lift Group that specializes in providing customized lift solutions for 2 to 6 floor luxury homes, penthouse and other high-end properties. The brand was launched in 2023 with the goal of delivering a unique and luxurious lift experience that combines advanced technology, personalized design, and exceptional quality.

Antera Lift are custom-built to meet the specific needs and preferences of each individual customer, with a wide range of customization options available for materials, colors, finishes, and other design elements. The lift are designed to be space-saving and energy-efficient, with a focus on combining functionality style and aesthetically pleasing.

In addition to its focus on design and quality, Antera Lift places a strong emphasis on safety and sustainability. All of the brand's products are designed to meet or exceed the highest safety standards, and the company is committed to reducing its environmental impact through the use of eco-friendly materials and processes.

Antera Lift is part of the Cibes Lift Group, a leading global provider of lift solutions with more than 70 years of experience in the industry. As a part of this larger organization, Antera Lift is able to draw on a wealth of expertise and resources to deliver exceptional products and services to its customers.

“ *Antera Lift places a strong emphasis on safety and sustainability.* ”

ANTERA STORY

"Antera" as a "mysterious create" that represents the beauty and unpredictability of nature is a compelling and imaginative interpretation.

By combining the Greek word "anisoptera" (dragonfly) and the word "nature" with a slight modification of the spelling, the name "Antera" becomes a unique and memorable term that symbolizes the beauty and unpredictability of the natural world. dragonflies are creatures that are both delicate and powerful, with wings that allow them to move quickly and gracefully through the air. This metaphor could be used to suggest that Antera Lift's products are similarly designed to be both functional and aesthetically pleasing, with a focus on delivering a smooth and enjoyable lift experience.

Experience the latest in lift technology with Antera Lift. Our lift feature a Permanent Magnet Synchronous Motor (PMSM) that provides a quiet, smooth, and efficient ride. Unlike traditional motors, PMSMs use permanent magnets to generate the magnetic field, resulting in fewer parts and less mechanical noise. With a high torque-to-weight ratio and greater energy efficiency, our PMSM lifts are not only eco-friendly, but they also offer a more comfortable and enjoyable riding experience. Upgrade to Antera Lift's PMSM lifts and enjoy the ultimate in comfort, efficiency, and sustainability.

“

Antera home lifts show human care with full senses, creating a luxury space where taste is online, comfort and safety exist simultaneously.
